I will never understand how Danger Run gets excluded from these lists. Danger Run is by far one of the most unique haunted attractions in the country, and there really isn't another event like it.

Is this list fake or what ?

I am a huge Haunted House Fan and have been to some of the Greatest Haunted Houses. I have seen the House of Shock, Netherworld, Dead Acres, Bates, and the The Scarehouse.

So when I see new ones topping this list what did I do ? That's right I went to Folklore in Georgia and Disturbia in Alabama. Which was a big trip since I live in Cleveland Ohio.

Thanks alot for wasting my time off work and my hard earned money. Neither one was half as good as Erebus in Detroit which didn't make your list. And not even close to any of the fore mentioned.

Sorry to hear that you didn't enjoy Folklore or Disturbia. They are two haunts that are new, but are being created by some very talented people. All of the haunts that are included in our list are based on the recommendations of our readers and on the excitement of the community for particular haunts. When we are putting together our Must See List for 2011, be sure to submit your favorite haunted attractions

for consideration.
